Butter—Country, 25c per pound.

HOUSTON MARKET REVIEW.

Houston, Texas, Sept. 20.—Types of rice are being fixed for the use of the belt during the present season as a basis for the sale of the staple. Six grades are being prepared to be numbered 1, 2, 3, 4, 5 and 6. These grades will have the same significance as cotton grades, but instead of being named will be numbered.

The work is being done by representatives of the Texas and Louisiana rice associations, which fixed the price for the advance of the staple September 20. The grades now being prepared also will be used in Arkansas. Each agent in the three states will be provided with small boxes for each grade and the rates given will apply uniformly throughout the belt. No concessions will be allowed from the authorized price, as the published quotation will represent the minimum. Financing has become quite a factor in the handling of the cotton crop. Country bankers are calling upon the reserve banks of Houston for large sums to move the staple, which is coming in rapidly. One banker in a Houston district town already has paid out over \$50,000 for cotton.

The Houston produce market is representing much activity. The fruit trade is heavy, especially in the city. A feature of the fruit market is the scarcity of small oranges and the prices for these are high. Considerable celery is selling now. Potatoes are in good supply and the price ranges around \$1.35 per bushel. Sweet potatoes are in good demand at 80c per bushel. The supply is small. The chicken trade is fairly good, but prices are not improved. Good hens range around \$4.00@4.25, with fryers at \$3.50. Eggs are unchanged, with receipts too light for quotations.

Houston bank clearings for the week were \$37,991,210.

KANSAS CITY LIVESTOCK.

Kansas City Stock Yards, Sept. 18.—The cattle market made a brave finish last week, recovering the loss of the first three days of the week by the close Friday. This did not count for much last week, as three-fourths of the week's supply came in before prices started to advance. But it counts today, the run of 21,000 head here selling strong to 10c higher than Friday, and a little above a week ago. The outlet for beef is smaller than a year ago, as the total supply at the Western markets last week was 170,000, against 228,000 same week last year, and yet prices are a little lower this year than last on most of the cattle. All the markets are moderately supplied today, some shippers holding back at Chicago in fear of the Jewish holiday Friday of this week, when the Jews all over the world quit eating meat for a day or two. It cuts quite a figure in the market. Pasture men in Kansas and Oklahoma are still holding back this week, though dealers look for a good run the next few days ahead. Del Harbaugh, the big Nebraska feeder, had his second shipment here today, at the top of the market, \$7.95. Each shipment is the tail end of the feed lot, contrary to the usual system. Short fed natives sell at \$5.75@7.25; native grass steers \$5.00@7.25; Western grass steers, including Colorados and Wyoming, \$4.60@6.00; native cows \$3.00@5.00; top heifers today \$7.00; bulls \$3.00@4.25; veal calves \$7.75 for best; stockers \$3.50@5.50; feeders \$4.25@6.00. Cattle direct from the Western ranges are not coming freely as a year ago. Panhandle cows sell at \$3.25@4.10. Quarantine receipts are dropping off, 100 cars here today; steers a little higher than a week ago, at \$4.00@5.60; cows \$3.00@4.50; veals \$7.50. Hog receipts show a fair increase

over this period a year ago, but are still not large enough to permit packers to pound the market continuously. Occasionally there is a day or two of strength, but this is not one of them, sales today 5@10c lower than the close of last week. Prices declined 15c last week, net. Run is 6000 here today; top \$7.05; bulk of sales \$6.75@6.95, which is the lowest place they have occupied in a long time, about \$2.00 under a year ago. Fresh meat demand is good, but the general sentiment looks for further declines.

Lambs remained on rock bottom the first half of last week, until receipts dropped down to almost nothing, when they began to rise. Aged sheep have held up better than lambs, being in smaller supply. Mutton has been selling to consumers cheaper than beef or pork thereby attracting new patrons. The widened outlet and smaller receipts at the markets quickly brought an advance in prices of live animals, and the run of 12,000 here today is selling 25@40c higher than the middle of last week. Top lambs brought \$6.00 today, from Utah, three lots at that figure, others at \$5.90; feeding lambs worth around \$5.00; fat yearlings up to \$4.50; wethers up to \$3.80; ewes \$3.50; breeding ewes \$3.00@3.75.

BIG STREET CAR STRIKE AT DETROIT

[By Associated Press.]
Detroit, Mich., Sept. 20.—Fifteen hundred employees of the Detroit United Railway went on strike this morning. No street cars are running in the city. The strikers ask that their wages be raised.

CAME NEAR TO PERISH IN HOME

[By Associated Press.]
Gainesville, Texas, Sept. 20.—Mrs. T. B. Shepherd was carried unconscious from her burning home here this morning. She was overcome by smoke. The loss to the home will be several thousand dollars.

FELL FROM WINDOW AND BADLY HURT.

[By Associated Press.]
Lockhart, Texas, Sept. 20.—C. C. Warren fell from a second-story window this morning and was seriously hurt.

A CORRECTION.

I n giving the result of Sheriff Conlee's investigation into the death of Mr. Tom Ayres, The Eagle did not quote Mr. Conlee correctly in one or two instances, owing to the bad working of the telephone.

In the first place, Mr. Ayres did not die under the tree near where he was hurt, as stated, but was found there unconscious and lived until the following day after being taken to his home.

Again The Eagle stated the negro with the wheel came up to where Mr. Ayres was hurt about the time the Italian got there. This is a mistake. The negro was already there, and it seems had stopped under a tree to rest, and told the Italian that Mr. Ayres stopped and got off his mule to look at his wheel. It was when he went to get back on the mule that the accident occurred, and which was witnessed by both the Italian, who was driving along the road only a short distance away, and by the negro who was standing under a tree only a few feet away.

Tans, patents, gun metal—all the popular leathers come in American Lady and American Gentleman shoes at the Globe Dry Goods Co.

Running up and downstairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

BLOCKADED.

Every Household in Bryan Should Know How to Resist It.

The back aches because the kidneys are blockaded. Help the kidneys with their work. The back will ache no more.

Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from Bryan.

T. H. Brown, farmer, Bryan, Texas, says: "I had kidney trouble for so long that I almost despaired of ever being relieved. The pains in my back were the worst feature of my case. Hearing of Doan's Kidney Pills, I procured a supply at Emmel & Maloney's drug store and began their use. Since then I have improved rapidly. Doan's Kidney Pills are worthy of praise and should be given a trial by every sufferer from kidney trouble."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

A CREAM DEPOT FOR BRYAN

Prof. Ridgway of A. & M. College Takes Steps to Establish Such an Enterprise.

That dairying and cream production are legitimate branches of agriculture, and profitable branches too, can not longer be denied. Many farmers in Brazos county are waking up to this fact, are building up dairy herds, and find that it pays.

Prof. Ridgway, head of the dairy department of A. & M. college, has determined to give the farmers all the aid possible along this line, and that he may be of the very greatest service to them has arranged to establish a cream depot in Bryan.

Prof. Ridgway was in the city today and called on The Eagle, briefly outlining his plan. He has arranged with Myers Bros. to place the depot at their store and a large refrigerator room will be installed at once. Every producer of cream, whether in the city or country, can take their cream to this depot, have it weighed and receive a credit slip for it. Myers Bros. do not buy it; they only attend to the weighing and see that it is shipped promptly to the college.

In the matter of price Prof. Ridgway will see that the farmers get every possible cent there is in it. In other words, he will take their cream, convert it into butter, sell it, and after paying the cost of handling and shipping charges, pay to the producers every cent that is left, not asking any profit at all for the creamery department.

This is certainly a fair proposition and one our farmers should not be slow to take advantage of. It absolutely relieves them of all trouble of handling, guarantees a sure market for their cream, and assures them of the highest market price.

The Eagle hopes to see the farmers of the county enter into the plan in dead earnest, feeling assured that if they do it will be but a short time until the dairy products of Brazos county will be one of our most profitable crops.

AVIATOR WARD IN ANOTHER MISHAP

[By Associated Press.]
Cornell, N. Y., Sept. 20.—Aviator James J. Ward resumed his flight at 9:30 o'clock this morning, but was compelled to alight at Addison twenty minutes later on account of a defective water connection with his motor. He expects to start again this afternoon.

IT GROWS HAIR.

Here's Some Important News for Men Who Are Growing Bald.

People who have taken our word for it that Parisian Sage is the real hair grower, beautifier and dandruff cure have never been disappointed. Here's the word of a person who took our word:

"I have been using Parisian Sage about year. When I began using it I had only a light 'fuzz' on my head. Now I have a good, thick growth, and it is growing thicker and longer right along. Many people don't believe it can be done, but I know from my own experience with Parisian Sage that it can; I recommend it in the fullest confidence."—Gaines Brown, 708 North Fillmore St., Maryville, Mo.

The above statement was made to Dr. C. D. Koch, of the Koch Pharmacy, Maryville, Mo., April 29, 1911. Large bottle 50c at E. J. Jenkins' and druggists everywhere.
